

Metro United Way

Imagine our

COMMUNITY

IF

METRO UNITED WAY

didn't exist...

Without Metro United Way

WHO'S GONNA...

-  **WHO'S GONNA** unite and harness the power of donors, volunteers, organizations, thought leaders, experts, other nonprofits, and government at all levels to ensure positive, sustainable change?
-  **WHO'S GONNA** provide capacity-building, training, and resources to our community's youth-serving organizations?
-  **WHO'S GONNA** advocate for kids, families, and the child care sector every day on local, state, and federal levels alongside powerful community partners?
-  **WHO'S GONNA** provide a network of service providers to address immediate housing, transportation, food, and other basic needs on one platform?
-  **WHO'S GONNA** offer free early childhood development screening to parents and care givers?
-  **WHO'S GONNA** offer free books to families through Little Free Libraries and Louisville Growing Readers?
-  **WHO'S GONNA** provide free opportunities to hear from and engage with national experts on diversity, equity, and inclusion?
-  **WHO'S GONNA** help secure and invest millions of federal dollars into the Greater Louisville region?
-  **WHO'S GONNA** intentionally, consistently, and strategically invest in Black leaders in our community?
-  **WHO'S GONNA** lead Southern Indiana's Build-A-Bed and Shelby County's Farmers Feeding Families initiatives to provide beds to kids in need and food to families who are fighting hunger?
-  **WHO'S GONNA** rally thousands of volunteers to give back to their community and neighbors?
-  **WHO'S GONNA** prioritize a resident-driven strategy and collaborative solutions for investment to transform neighborhoods from the inside out?
-  **WHO'S GONNA** prioritize innovative solutions to systemic challenges and not take "we've always done it this way" as an answer?
-  **WHO'S GONNA** offer to every single nonprofit organization in our seven-county region an opportunity to join us in envisioning a community in which everyone can access education that inspires and equips, economic mobility that meets needs and builds futures, and health that provides strength and hope?
