

AT METRO UNITED WAY, WE ARE MORE FOCUSED THAN EVER ON THREE PRIORITIES:

thriving kids

There's nothing more important than ensuring our community's children have what they need to thrive.

strong households

When families have what they need, they can break cycles of poverty and work toward a better tomorrow for future generations and our entire community.

equitable community

We envision the Greater Louisville region as a place where zip code doesn't determine destiny and everyone has the opportunity to grow into their full potential.
