

BEFORE YOU GIVE, HERE'S WHAT WE GIVE

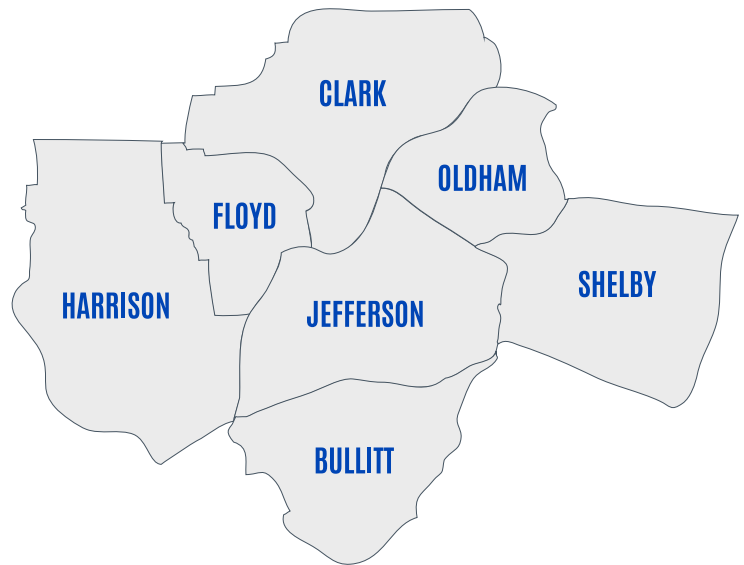

ONE REGION STAFF TALKING POINTS

We work every day to help improve the lives of every person in every neighborhood of our 7-county region. Through our current impact model, our success is not measured through the dollars passed through to other nonprofits, but rather the transformational change that we lead and help make to ensure we have **Thriving Kids**, **Strong Households**, and an **Equitable Community**.

Here's a list of how we show up every day that does not include county specific programming or initiatives - just what we're already doing in our 7-counties:

- Any resident can call 211 to get connected to help.
- Any parent or caregiver can join ASQ to receive free books, activities, and developmental tracking for their children.
- Any and all 501(c)(3) organizations can use our volunteer connection portal free of charge to enter projects to recruit volunteers for their nonprofit(s).
- Our most recent RFPs have been open to all seven counties (unless restricted by geography for grants).
- Nonprofits from all seven counties get our "needs survey" that engagement sends out and uses to inform projects and distribute donations.
- Day of Action and other volunteer projects are planned with our seven counties in mind as are the impact kits that we assemble and distribute.
- Impact kits are distributed to all seven counties.
- Beyond Buzzwords is open to anyone with access to a Zoom link.
- Our advocacy work covers all counties and all Kentuckians/Hoosiers. Our detailed policy agendas are on our /advocate page as well as in printed form.
- We serve all seven counties through our VITA work, preparing people's taxes for free. Physical locations are in Jefferson and Oldham but anyone from our seven counties that meets the criteria can be helped.

There's no other organization like Metro United Way in the Greater Louisville region! We are the work!

UNITED IS THE WAY to thriving kids, strong households, and an equitable community.
